3M™ Particulate Respirators 8210*Plus* N95

NEW

Applications and Features:

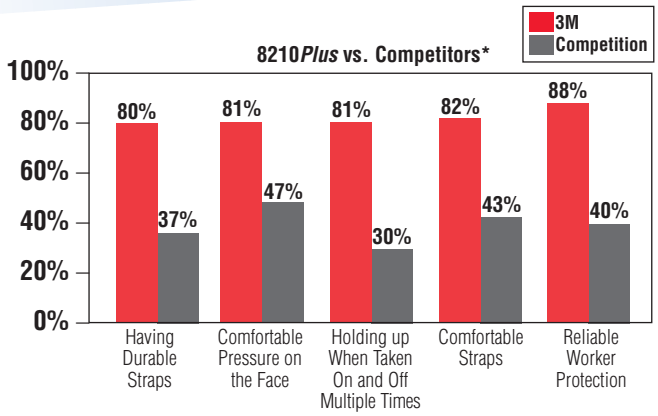
Work settings that involve sanding, grinding and other dusty operations

- Durable braided comfort strap
  - – Won't get tangled or pull on hair
  - – Soft against skin
- Staple-free headband attachment
  - – Comfortable in hot and cold environments
- Advanced electret charged microfibers make breathing easier and cooler, resulting in enhanced wearer comfort.
- Adjustable nose clip helps create a custom fit and reduces the potential for eyewear fogging.
- Soft nose foam is more comfortable on the face.
- Multi-layer, durable construction contributes to increased wear time.

All Class N95 Particulate Respirators meet NIOSH 42 CFR 84 requirements. These respirators have a minimum filter efficiency of 95%. For more information on these and other respirator products, visit www.3M.com/occsafety.

97% User Satisfaction!

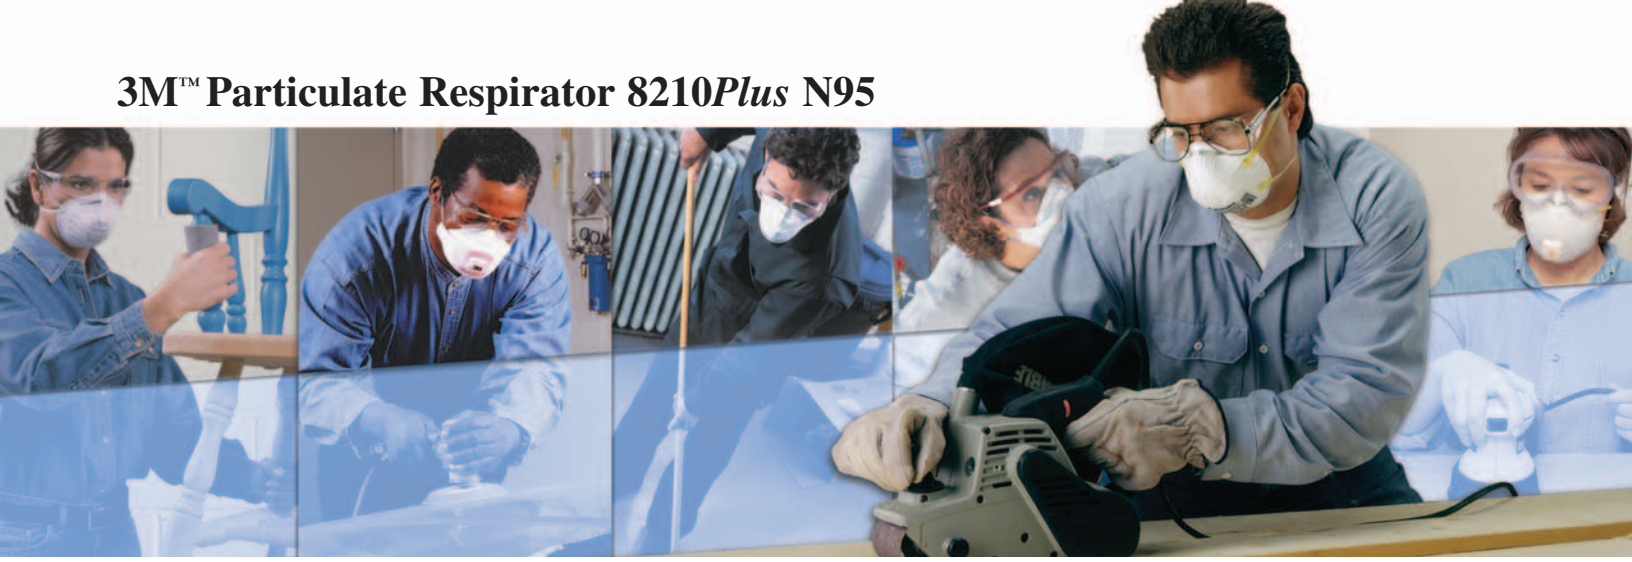
97% would recommend it to others*



* Based on a research study done by Burke, Inc. August 2004 of safety officers and users from 30 companies that used both 3M and competitive products as part of a limited market release.

3M

3M™ Particulate Respirator 8210*Plus* N95



Industrial workers can require protection from a wide range of airborne particles from activities such as sweeping, grinding, sanding, welding and bagging.

3M's disposable respirators are designed to provide quality, reliable worker protection that meets the varied needs of our customers who rely on consistent product performance and service. 3M's patented filter media and superior product construction help provide greater worker comfort which can help increase productivity.

Increased worker comfort could promote greater usage.

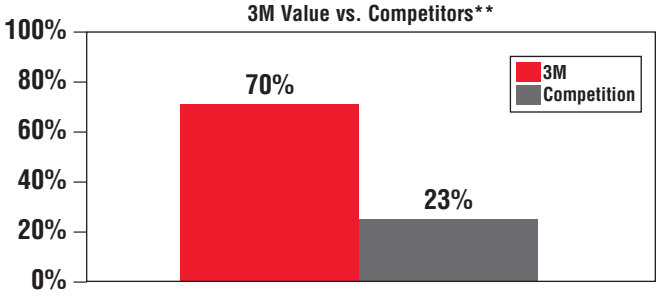
Increasing Wearer Comfort



Question: Considering the quality of 3M's/Comp's products, the services provided by 3M/Comp and 3M's/Comp's prices, how would you rate the overall value of 3M's/Comp's products and services?

** Based on a research study done for 3M by Burke Inc. August 2004 of safety officers and users from 89 companies that use both 3M and competitive disposable respirators.

These respirators help reduce exposure to certain airborne contaminants. **Misuse may result in sickness or death.** Before use, the wearer must read and understand **User Instructions** provided as a part of product packaging. Time use limitations may apply. For proper use, see package instructions, supervisor or call 3M OH&ESD Technical Service in U.S.A., 1-800-243-4630. In Canada, call 1-800-267-4414.
