Product Specifications

3/8" X 1" Fender Washer

Part number FENW381
Category number 4110
UPC 781002825975

Fender Washers differ from standard Flat Washers in that their outside diameters are much larger in proportion to their center holes. With this design, a fender washercan be placed under the head of a bolt or nut, to help distribute forces applied when tightening, or to cover an oversized hole.
