ABB

Designed for recyclability at end of life

Recyclability rate between 55,7%, to 69% according to EN 45555.

Lifetime extension services offered

Modular structure for easier repairability and extended service life.

Produced in a UL 2799 Platinum Zero Waste to Landfill site, which continuously work to minimize waste in operations.

Recycled materials for optimized packaging

FSC recycled cardboard packaging.

Third-party verified Environmental Product Declaration
EPDs compliant with ISO 14025 Type III (externally verified) ensure data accuracy and full transparency on the product's environmental impacts throughout its life cycle.

Low carbon manufacturing

This product is manufactured in an ABB facility that is powered by renewable energy.
