3m Value Series LC LC 10G Duplex PVC Fiber Cable

852-LL2-009

features & benefits

Get blazing-fast 10 gigabit performance with laser-optimized multimode fiber (LOMMF) cables. Besides fully providing backward compatibility with existing 50/125 equipment, they also provide the performance headroom required to support LED and VCSEL laser light sources, and 10 gigabit ethernet applications.

specifications

General Info

Cable Type: Duplex
Color: Aqua
Product Series: Value Series
Type: Value Series 10G 50 Micron Fiber Cables
Component Type: Duplex Fiber Cable

Cord Information

Connector Type End One: LC
