

Low Profile IN BOX™ for 1-1/2" Wall Systems

Recessed electrical box with weatherproof-in-use cover for 1-1/2" wall systems, including foam. Non-metallic cover and base. Accepts most single gang wiring devices and uses standard indoor wall plates or a GFCI cover plate. Box and white cover are textured/ paintable. UV rated plastic for long outdoor life.

DBVME1W

Features and Benefits

- IN BOX's one-piece assembly replaces the installation of an electrical box *and* bubble cover assembly
- Fewer parts to handle – save on materials and labor.
- Installs *in* the wall, so less of it shows outside
- Features a fixed, built-in flange, large enough to eliminate the need for a separate flashing.
- Install option: Cover is removable for easier device installation
- No gaskets required

Bug Plugs ship installed in all IN BOX styles to seal unused cord hole openings.
